Hi Linda,

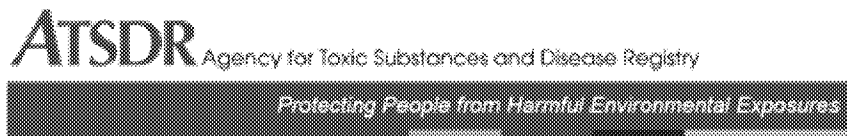

I'd prefer they are involved independently of PADOH and aware of the technical details and outreach plans from the start. PADOH has already produced a document on B Braun sterilizer in Allentown, have coordinated with PADEP on that site, and are invested in the EtO issue in PA.

As it is your meeting, I defer to you on this decision.

Thanks for your consideration and for sharing the invite with us.

Bob

This is the first call with PADEP. Basically a logistics call Can we touch base with PADEP at 3pm and find out who they are working with at PADOH for next call?

Hi Linda,

Can I share this invite with PADOH staff who are also involved with this issue and may participate in public outreach?
